

50% Cost Share Application

The TNRD will rebate landowners up to 50% of the cost of noxious weed control using herbicides on their private land. Landowners who have 160 acres or less qualify for a maximum rebate of \$1500 (50% of \$3000). Landowners who have over 160 acres qualify for a maximum rebate of \$3000 (50% of \$6000). This rebate may be applied for on a yearly basis for work done the same calendar year. See the conditions below to find out how to qualify for the rebate:

- The herbicide treatment must be done by a licensed applicator from the attached TNRD applicator list
- The treatment area must be within a TNRD electoral area (outside of municipal boundaries) and measurements must be done in hectares.
- The application form below must be completed along with all required attachments.
- Rebates are issued based on funding availability and the order the applications are received
- Weeds treated must be on the Provincial or Regional Noxious Weed List (www.al.gov.bc.ca/cropprot/noxious.htm). Other invasive plants may qualify, contact the TNRD for confirmation
- Rebate Application forms must be submitted along with accompanying documents no later than **October 1**, of the current year

The following items must be attached to this application form:

- Copy of applicators' invoice
- Map showing treatment area (completed by certified applicator)
- Herbicide treatment day sheet (completed by certified applicator)
