

IMPORTANT REMINDER TO FIRE PROTECTION SERVICE AREA ABOUT LOAN AUTHORIZATION

Paul Lake Fire Protection Service Area

In 2014 the TNRD was granted authority to borrow up to \$260,000.00 on behalf of properties in the Paul Lake Fire Protection service area for construction of a Fire Hall.

Work on this project has been suspended at this time. Should the project be revived and the funds borrowed at some future date then this would lead to future increases in parcel taxes for debt repayment.

For more information, please contact the Finance department of the TNRD at 1.877.377.8673.
